Clean Up of Hyannis

April 22, 2025

For 35 years, Champ Homes has been supported by our loyal donors, foundations, local banks and small businesses. Collectively, they have provided the support needed for our Champs to change the trajectory of their lives and reengage with the community in a meaningful and impactful way.

5th Annual Champ Homes Earth Day Clean Up of Hyannis April 22, 2025 9:00 AM

The Earth Day Clean Up is a way for our Champs to give back to our community and to say thank you for the opportunities they've been provided. For the past 5 years, Champ Homes participants, staff, board, and volunteers from throughout the community have joined together to clean up downtown Hyannis in advance of the busy summer season.

- We anticipate 60-80 volunteers.
- We have coordinated efforts with the Town of Barnstable's DPW.
- We will clean 5-6 miles of road including Main Street, 3 beaches, the Korean War Memorial, JFK Memorial, Ocean Street Docks, Aselton Park, The Lookout, and the Hyannis Village Green.
- We anticipate cleaning up 4-5 cubic yards of litter.

At Champ Homes, we are committed to providing transitional housing to adults experiencing homelessness or housing instability within our safe, compassionate, and respectful community. We empower individuals by instilling self-confidence, hope, and faith through demonstrating essential life skills, providing vocational supports, and promoting self-advocacy. With these foundational supports, participants are equipped to secure stable housing and achieve long-term success.
