Make a Difference! Work on your CORI Volunteer Forms over the summer

If you are thinking about volunteering during the 2026-2027 school year and have not done your CORI forms or your Diocesan safety certification, consider taking care of those details over the next few months. There are many opportunities to help out in the early days of September and taking care of this ahead of time will be a great way to make a difference at the school! For instructions and links to the forms, click [HERE](#). If you have any questions, or would like to check to see if your volunteer forms are still valid, please reach out to dsiscoe@jpiihyannis.org (Prep Division) or mainoffice_hs@jpiihyannis.org (High School Division).

Used Uniforms and School Books

Please consider donating your gently used uniforms! Drop your donations of school required reading books and gently used uniforms (clean, without stains or rips) in the main office during school hours or bring them to the Roar Store after school. Look for our used uniform and book sales on June 22 and August 18.

Exploring Oceanography for Ages 12-15

Do you have a young oceanographer in your family? Students between the ages of 12-15 are invited to take part in a free oceanography program led by retired JPII Science Department Chairperson, Jim Remillard from July 21-23. For more information on this hands-on program and to learn how to register, please click [HERE](#).

From the Health Office

Please remember to stop in to the Health office to pick up any prescriptions your student may have. Any medications not picked up by the last day of school will be discarded.

A friendly reminder that any student who may have medications during the school day or who may need rescue or emergency medication will need to update the physician's orders for the next school year. All physicians' orders must be rewritten for each school year. Asthma Action Plans and Allergy and Anaphylaxis Emergency Plans also require yearly updates by your physician. If you visit your pediatrician over the summer, be sure to ask for copies for our records for next year.

All prescription medications should be brought to the Health office and must be in the original container with the printed pharmacy labels. This includes EpiPens, Insulin and Glucagon orders, inhalers, and all prescriptions.

For questions, please reach out to Laura Linnell RN, llinnell@jpiihyannis.org or Ellen Byrd RN: ebyrd@jpiihyannis.org

Pilot Football Development Program for Grades 5-8

We are excited to explore the launch of a new Pilot Football Development Program for Preparatory Division students interested in preparing for high school football.

This non-contact program will meet four days per week and focus on football fundamentals, speed and agility, teamwork, and athletic development. Athletes will also participate in strength

and conditioning sessions with Coach Elias, classroom learning, film study, offense and defense installation, and position-specific drills to build a deeper understanding of the game. Coach O'Connell, who brings over 20 years of youth and high school football coaching experience, including serving as Head Football Coach at JPII from 2020-2021, will help lead the program and player development process. Our goal is to build excitement around football at the middle school level and create a strong foundation for the future of high school football within our community. View our flyer [HERE](#).
